

In **Maths**, children will be developing skills in multiplication, weight and data handling.

In **English**, children will be writing a narrative piece linked to *The Iron Man* by Ted Hughes.

**How you can help at home:**

Spellings and multiplication tables practice are the most important skills you could develop at home. We also suggest reading for 10 minutes a night, where possible, as this is shown to have the greatest impact on a child's development.

# *Tomb Raiders*

## *Year 3, Spring Term 1*

As **Scientists**, the children will have opportunity to study and observe rocks and fossils learning how they are formed. They will also look at aspects of light.

As **Artists**, children will research a range of different cave paintings and understand the use of these drawings in the past.

In **French**, children will be learning about classroom instructions.

In **Computing**, children will use presentation software to create animated information.

In **History**, the children will begin to develop a chronological knowledge of Prehistoric Britain through to the Iron Age.

In **PE**, the children will be developing skills in striking and fielding and gymnastics.

In **Design Technology**, children to design and make a cart to transport goods from the market in the Bronze Age.

In **RE**, we will be considering what Muslims believe.

In **Music**, we will be developing our musical talent with percussion instruments.
