Ethos of school

St James' Church of England Primary School provides the highest quality education within the context of caring Christian beliefs and practices, in close affiliation with St. Philip and St. James' Church. Our curriculum connects home, school and church, and reinforces the fact that the values we celebrate in school shape the whole of our children's lives.

Children, of any faith or none, are given the opportunity to develop their own spirituality, to be curious and ask big questions, to celebrate and to make good choices.

At St. James' the children are at the heart of everything we do. Each and every child is cherished and given the best educational opportunities in order that they can realise their potential.

Aims and Values

St. James' C of E Primary School is a 'uniformed' school. We hope that our uniform engenders a feeling of belonging and a sense of pride in the school community. It has been designed to promote a collective identity, where every child feels included and that any differences in family income are not apparent. The items have been chosen in order to provide a smart, durable, working outfit for school that represents good value for money for our parents. There is a clear expectation that students attending St. James' C of E Primary School will wear the full uniform appropriately and that this expectation will be supported by parents.

Our policy is based on the notion that a school uniform:

- Promotes a sense of pride in the school
- Engenders a feeling of community and belonging
- Is practical and smart
- Identifies the children with the school
- Is not distracting in class (as fashion clothes might be)
- Makes students feel equal to their peers in terms of appearance and financial circumstances
- Is regarded as suitable and good value for money

Our supplier has been carefully selected according to:

- Their ability to provide items that are good quality, represent good value for money, and can evidence a reliable supply chain
- Their customer service
- Their approach to the environment and sustainability
